EECOL provides a full range of quality brand name products to a wide range of customers in contracting, engineering, power utility, institutional and industrial facilities.

Working with loyal and premiere suppliers helps EECOL support our customers to the fullest. This dedication will continue into the future with our supplier’s unwavering commitment.

We have over 55 strategically located branches throughout Western Canada in British Columbia, Alberta, Saskatchewan, Manitoba, Northwestern Ontario, Yukon and the Northwest Territories. At EECOL Electric, our customers have always been, and will continue to be our number one priority.
